Detailed description: The figure shows a graphical user interface for setting a homepage. The window is titled 'SET HOMEPAGE'. It features four rows of configuration options, each with a label and a text input field. The 'HOMEPAGE' field contains a URL. The 'USERS' field contains a list of names separated by semicolons. The 'DEVICES' field contains a list of device types separated by semicolons. The 'LOCATIONS' field contains the word 'ALL'. Each input field is associated with a reference numeral (775, 755, 760, 765). At the bottom right, there are two standard buttons: 'OK' and 'CANCEL'.
